LEADERSHIP

Have been the KTIP teacher for two first year teachers – one at Campbell County and one at Beechwood

As the Director of Technology at Beechwood Independent Schools I served on many committees, managed one employee and the technology budget
Planned and conducted many professional development classes for teachers
I have served on many committees at NKU including hiring committees, creating a new mathematics course, First Year experience and orientation committee

Part of the Academic Success Workshop committee to refresh the required workshops for students on warning and probation
